ABOUT THE LOCATION

With a population estimated of 1/2 million people, Iquitos is the largest city in the world that is inaccessible by road. Due to its isolation and remoteness, Iquitos is an area overcome with prostitution, drug addiction, crime, and poverty. Many children who are born in the drug holes often die due to malnourishment or are sold for less than \$2.00. It is evident that the most vulnerable children need our help!

ImpactHope has been focused on building a children's home called *Hogar Genesis* for abandoned, neglected, and rescued children in Iquitos. This project is 100% conceived by nationals and led by nationals.

THE GOALS OF HOGAR GENESIS

- To build a children's home that will care for 10-12 children in a healthy and loving family environment.
- To provide Christian counsel and support for families in crisis with the hopes of restoring the family unit.
- To provide opportunities for national adoption if restoration of the family is not possible.

OTHER MINISTRIES

In addition to the ministry at *Hogar Genesis*, Rodolfo and his team organize children's programs in a poor area of Iquitos called Belén on a weekly basis. They are also actively involved with the local men's and women's Prison, participate in outreach to help families that are in crisis, and reach out to those living on the streets of Iquitos.

OUR WORKERS

Rodolfo & Saraid were both born and raised in Iquitos and they have two beautiful children, Salvador and Giselle. ImpactHope has been working together with Rodolfo & Saraid since October 2015. With the assistance of Teams that traveled overseas to work alongside local workers and help build *Hogar Genesis*, to those who financially supported this project, this home would not be where it is today without **YOU!**
