

SHELTER OF HOPE KENYA

FEB 16 TO MAR 4, 2024

ABOUT THE PROJECT

Shelter of Hope is an organization run by our local partners Ishmael and Molline, located in Nairobi and Kagan, Kenya. With the mission of reaching out to orphans and vulnerable children and youth, their primary goal is to provide spiritual nourishment, education, and income-generating activities that enable them to become independent. In addition to their work with children and youth, they have also established programs for women that include empowerment strategies and material support for elderly widows.

TRIP DESCRIPTION

Join us on a journey to Kenya and help empower communities to overcome poverty and injustice! Through our partnership with Shelter of Hope, we'll have the chance to engage in various initiatives that align with our values and goals, including promoting education, empowering women, improving access to healthcare, and providing aid and assistance where it's needed most. We will also be working to help complete construction on one of Shelter of Hope's ongoing projects. This trip promises to be a life-changing experience, both for the people you'll be helping and for yourself! As our team develops, other opportunities to serve the community will be considered as we review the skills and gifts of our team!

DETAILS

DATES FEB 16- MAR 4	The duration of this trip will be 18 days in total. This includes 4 travel days, and 1 excursion day at the end of the trip to Mara Massai. The rest of the trip will be spent at Shelter of Hope. Please note that dates may change.
COST \$4975	The cost of this trip includes flights, accommodation, food, transportation, and administrative costs! This cost also includes the participants portion of the construction costs - any additional expenses during travel or excursion days are not included in the cost. <u>This cost is an estimate based on a team of 8 people</u> and may change due to several factors.
NOTES	The application deadline for this trip is Oct 1, 2023 with a team of 8-20 participants. Please review the <u>IMPACT TRIPS</u> page to see information regarding pre-trip training, requirements, and FAQ's.
