

# HOGAR GENESIS | IQUITOS, PERU

## REPORT: SEPTEMBER 2023

4-month-old Mallely says "Hi!"

## FROM ABANDONED TO BELOVED

*In the bustling heart of Iquitos, where the mighty Amazon River weaves its tales of both beauty and adversity, there exists a place where lives are transformed. It's a place where the laughter of children mingles with the rustle of palm leaves, where the warm embrace of caregivers replaces the chill of abandonment, and where the word "beloved" takes on a whole new meaning.*

The children at Hogar Genesis are often born into circumstances beyond their control. "From Abandoned to Beloved" is more than just a title; it's a testament to the transformative power of love, care, and your unwavering generosity.

Thank you for partnering with Rodolfo and us to support this amazing ministry. Join us as we explore the heartwarming stories, achievements, and dreams of the girls at Hogar Genesis and discover the profound difference you've made in their lives. Together, we are empowering these young souls to rise above their pasts and embrace a future filled with hope, opportunity, and love.

## EMPOWER THEIR FUTURE

Education is the key that unlocks doors to opportunity, allowing these young souls to break free from the cycle of poverty and abuse. By sponsoring their education, we provide them with the tools and knowledge they need to dream bigger, reach higher, and build brighter futures. Education instills confidence, independence, and a sense of purpose, equipping these girls to overcome challenges and become leaders in their communities.

**Sponsor a child at Hogar Genesis today at just at just \$49/month!**

## The Last Few Months At Hogar Genesis

- Hogar Genesis is progressing well into its second year! We are so grateful for the progress.
- The home now has 11 girls, which includes four babies.
- Every Saturday is still special with the precious kids at the Belén Kids program. We are incredibly grateful for the volunteers who with much love, faithfully and loyally, are present every Saturday with energy and love to give to the little ones of Belén.

### Rescued From The Cycle of Abuse

Meet the resilient little heroes from Hogar Genesis in Iquitos, Peru. These two precious sisters, ages three months and seven, have faced unimaginable challenges in their young lives. They and two other siblings were trapped in a cycle of abuse. Their oldest sister was abused by their addict stepfather several times, and their mother denied all responsibility. Hogar Genesis has stepped in to care for two of the little girls.

L: Saraid with baby M, R: 7-year-old Michelle is safe at Hogar Genesis.

### A Heart-warming Reunion

After one year and seven months, two beautiful girls, Jesse and Lisette, are finally returning to their home with their mom! Their journey towards reunification has been filled with love, care, and unwavering support from our amazing donors. Your generosity has played a pivotal role in making this heartwarming moment possible.

Jesse and Lisette's mom embarked on a courageous path, undertaking treatment, and engaging in various exercises, guided by dedicated professionals from both sides, including the legal staff. Today, we celebrate the restoration of their family unit, a testament to the power of love & faith.

### Funding Needs

Every donation made to this children's home will make a difference in the lives of these children and the most vulnerable in Belén.

We need YOUR help to give them a safe and loving home where they can heal, learn and grow together. The home still needs \$4500 for operational expenses. Your donation will go directly towards Hogar Genesis' **monthly need of \$8000, including the children's healthcare, counselling services, education, nutritious meals, staff at home, and other expenses.**

### From Trash to Treasure: A Miraculous Rescue

Several weeks ago, in the quiet night hours, a tiny bundle was left at the plaza in Belén, a place where so many hearts go unnoticed. A woman who discovered the baby arrived at the regional hospital emergency, carrying the newborn male. Meanwhile, across the city, another innocent life was discarded callously amidst the refuse of a trash bin. However, fate intervened, and the diligent hands of the PTL waste collectors discovered this precious soul before it was too late. The baby girl, just shy of one month old, was released from the hospital, ready to embark on her journey toward healing and growth.

Through divine providence, she was welcomed into the nurturing embrace of Hogar Genesis. It is a testament to the power of love and the unyielding belief that every child deserves a chance at happiness. As we celebrate this joyous occasion, we are reminded that our work is far from over. The baby boy was transferred to a boys' children's home, thanks to Rodolfo's tireless efforts as a private lawyer.
