

HOGAR GENESIS | IQUITOS, PERU

From the heart of Iquitos, Peru – where love, faith, and perseverance bring light to vulnerable children and communities.

Hogar Génesis is home to 18 beautiful “princesses”—girls who have faced abandonment, abuse, and trauma. Thanks to your support, they now experience safety, healing, and the chance to dream again.

But with every step forward, there are challenges too. Here’s how you can continue to walk with us in prayer and support:

- **Baby Bianca’s Health:** Little Bianca has been suffering from recurring ear infections. Unfortunately, antibiotics haven’t worked, and due to limited funds, she hasn’t been able to receive specialist care at a private clinic.
- **Esther’s Skin Issues:** Esther is dealing with ongoing skin problems and needs consistent treatment and monitoring.
- **Monthly Budget:** The home requires approximately \$2,500 CAD each month to cover essential operating costs, including food, healthcare, staff salaries, and utilities.
- **Honouring the Team Moms:** The team includes 8 incredible women who serve as caregivers and spiritual mothers. We’d love your help to honour the dedication and love they pour into the children each day.

Moments of Celebration

- Mother’s Day was beautifully celebrated with love, and we wrapped up the day with Ruth’s 5th birthday—a joyful moment for the youngest girls!
- On July 12, Rodolfo, the heart behind the ministry, celebrated his birthday. His faithfulness and leadership are a true gift to everyone in Iquitos.

Impact Story: Brigitte's Recovery

Earlier this month, Brigitte suffered a scary fall from her bunk bed and began vomiting. The team acted quickly, taking her for a head scan despite financial strain. The results showed no internal damage—a huge relief! Your prayers and support made it possible to act swiftly and ensure her well-being. This is just one of the many moments when your generosity has directly impacted a child's life.

Brigitte is all smiles thanks to you!

Hope in the Floodwaters: Ministry in Belén

Belén is one of the most vulnerable communities in Iquitos, often flooded with dirty water and filled with families caught in cycles of addiction and poverty. But every week, Belén Kids Ministry brings hope through:

- Bible teaching & values
- Over 60 warm meals served every Saturday
- Games and activities (even in the flooding!)
- Free haircuts from the ministry's barbershop team

New Dream in Action: Belén Education Center

On July 10, construction officially began for a new education center in Belén – a significant milestone for the ministry and the community! This centre will serve as a safe and empowering space to train and equip children and, especially, youth in Belén with skills and support to pursue educational opportunities, including university scholarships. Rodolfo and the team envision this as a critical step toward breaking cycles of poverty, addiction, and hopelessness—by giving young people a chance at a brighter future through education.
