SHAPING STRONGER COMMUNITIES

THE POWER OF YOUR SUPPORT IN HAITI

In a country facing ongoing hardship—violence, food shortages, and overwhelming economic instability—your support continues to shine as a light in the lives of children who would otherwise have no access to education or daily nourishment.

At Vision of Grace School in Fort Jacques, children are not only learning to read, write, and dream—they are experiencing God's love through compassionate teachers, daily prayer, and the kindness of sponsors who make their education possible.

Today, we want to share three stories—three reminders of how your giving is truly changing lives.

SABRINA'S JOURNEY FROM SILENCE TO CONFIDENCE

When Sabrina first came to school at eight years old, she sat quietly in the back of the classroom, unsure if she belonged. She could not read her own name. Her mother, a humble street merchant, struggled even to provide food, let alone school materials. Most days, Sabrina came to class with an empty stomach.

But everything changed when she received a sponsor.

With books of her own, a proper uniform, and a warm meal each day, Sabrina's confidence began to grow. Teachers encouraged her, stood with her, and watched her transform.

Today, Sabrina is in 4th grade. She reads aloud with pride and even helps younger students who struggle the way she once did. She now dreams of becoming a teacher—a beautiful testimony to the impact others have had on her life.

Your support didn't just provide education; it unlocked a voice and a future.

ROOD-KELLY — THE BOY WHO DIDN'T WANT SCHOOL, NOW LEADING HIS CLASS

Rood-Kelly was the very first child to register when the school opened; in fact, he was one of the reasons the school exists today. At just three years old, he had already experienced heartbreak—losing both parents and eventually living with relatives who couldn't prioritize education.

When school began, he resisted. Some days he hid in the neighbourhood so he wouldn't be brought to class. He often sat silently, staring at the floor.

But patient teachers didn't give up on him. Sponsors provided a uniform, meals, and supplies—helping him feel valued and supported. Slowly, his heart softened.

Today, Rood-Kelly is in **6th grade**, the highest level at the school.
He arrives early.
He participates with joy.
He encourages others the way he was once encouraged.

His dream?
To become an **engineer**.

This is the power of relational ministry—taking a child who felt lost and rooting him in a caring Christian community.

SANDRO, GUYSMAÏDA & MANIA — A SIMPLE MEAL THAT KEEPS HOPE ALIVE

Every plate provided by our sponsors makes it possible for these children to stay in school, thrive, and dream about a better life.

For siblings Sandro, Guysmaïda, and Mania, life has been extremely hard lately. Their parents lost their jobs, and some days there wasn't enough food at home. The children often came to school hungry—weak, tired, and struggling to focus.

But thanks to the school meal program, everything began to change.

Each day they receive a warm, nutritious meal—rice, beans, and protein. It gives them the strength to learn, the energy to play, and the courage to hope again.

For them, the meal represents something powerful:
Someone cares.

Because of sponsors, they can stay in school, stay healthy, and dream of a better future.
