Growing Resilient Futures Through Sustainable Farming

ImpactHope continues to partner with Foundations for Farming International (FfF) in the "Madagascar Soul & Soil Revival" initiative. Envisioned by PPC Madagascar (Programme Pfumvudza & Crown), FfF's dedicated local implementing team, this project aims to empower and train 1,000,000 smallholder farmers across Madagascar to systematically overcome the region's severe starvation crisis.

Restoring Families & Financial Freedom

Through **PFUMVUDZA training** led by local PPC trainers, families gain practical farming and financial management skills that help them produce more food, manage their resources wisely, strengthen their livelihoods, and build greater confidence and hope for a more sustainable future. The training also encourages families to put their knowledge into practice, creating lasting change that can benefit their households and communities.

PFUMVUDZA training in Teton Antsorokavo, Fianarantsoa, on August 18–20, 2026, equipping local farmers with practical farming and financial management skills to build stronger, more sustainable livelihoods.

Impact Stories

Vonjiniaina Rahelimalala, a farmer leader and entrepreneur, joined PPC Madagascar in 2023 and has since grown in her faith, leadership, and commitment to serving others. Through her experiences with PPC, she has witnessed how agricultural and financial training can bring hope, strengthen families, and transform communities. Her journey has inspired her to share what she has learned with others and continue contributing to positive change across Madagascar.

Vonjiniaina Rahelimalala, 33 years old, Farmer and trade leader.

Mamy Ernest, an entrepreneur and permaculture and agroecology trainer, was trained in Zimbabwe through PPC Madagascar in 2023. Since then, he has dedicated himself to sharing the PFUMVUDZA method with hundreds of farmers and local leaders across Madagascar. Through his work, Mamy has witnessed how practical, sustainable farming techniques can improve food production, strengthen household livelihoods, and give families greater confidence in their ability to build a better future. His experience has deepened his commitment to equipping others with knowledge and skills that can create lasting change in their communities.
